ፎርቱን መጽሔት (Fortune Magazine) እኔ አቆጣጠር በ (February 29, 2020) በጥቁር አሜሪካዊው ቄስ (Reverend Jesse Jackson) ጀሴ ጃክሰን ስለ ህዳሴው ግድብ የተጻፈ አንድ ጽሁፍ አውጥቶ ሳነብ፣ ሳስበው የነበረን አንድ ሃሳብ እዚያ ውስጥ አገኘሁ። ሃሳቤም **አሜሪካ ትልቁን የሁሽር ግድብ ሲሰራ ሜክሲኮን አማክሮ ነበር ወይ? የሜክሲኮስ አስተሳሰብ ምን ነበር?** በአሁኑ ጊዜስ ያለው የመንግሥት እና የህዝብ ስሜት ምንድነው? የሚል ነበር።

ጀሴ ጃክሰን ካነሷቸው ሃሳቦች ውስጥ የሚከተለው ይገኛል። “Would the US relinquish its sovereign right over the Hoover Dam on the Colorado river, giving Mexico (through which the river ultimately flows) control over the management of both the river and the Dam?”

“I would also like to say thank you, Mr. J. Jackson. "Would the US relinquish its sovereign rights over the Hoover Dam on the Colorado river ...." Yes, this **demands an answer from the US' s side**, which is pressing the Ethiopian delegates to sign a hurried piece of paper, a "disagreement!" Moreover, the 1929 agreement between Egypt and the UK was null and void in 1955 when Sudan liberated itself from colonialism. The so-called “reaffirmation” of the 1929 treaty in 1959 was **between unequal powers** and with the Sudan being in a euphoric state then. It should not have counted and it should be **contested by the current and older Sudan**. Ethiopia had not been party to that agreement but had not denied neither Sudan nor Egypt any share of its natural resource, the water of the Blue Nile. Ethiopia is now **trying to lift its peoples** out of poverty and by generating the power resource, it will also be doing the same to neighboring countries.”
